Case # 2021 102073 CFDL STATE OF FLORIDA V. ADAM JOSHUA MACKER

Case # 21-M02M-06557- State v. Adam J. Macker *Berkeley County West, VA*

A team of people organized by a bitter ex wife in a collaborative effort to try and destroy every aspect of my life! I have been victimized and suffered from harassment, slander, gang stalking, cyber bullying, both public and personal threats, identity theft, fraud, had my license illegally suspended, falsely charged with crimes, I did not commit. I have trial scheduled for November 14, 2022 not only am I innocent, I am the VICTIM! Meaning the STATE ATTORNEY is also crooked! Please review the facts of this case, and do a proper investigation!

I created a YouTube channel DEVINE-GRIND With six different body cam footage from six different officers that maliciously victimized and attacked me, by the order of Sergeant Stickles, compensated by my ex-wife Jacquelyn. When an investigation is done, this will all come out, and my name will be cleared! This time last year, I had an 820 Beacon score. My credit is now below 600. After a full year of analyzing the entire situation, I now understand it was Officer/ Sargent Jason Stickles of the Debary police force, corroborated, and potentially took payment for these malicious attacks on my life. I will do my very best to explain an extremely sophisticated plot to deceive and dismantle every aspect of my life!

On October 6, 2021, I was watching a live tarot reading on YouTube and in the chat, I was communicating with the reader and asked him about my fiancé that had passed away back in 2018. He responded back, saying that there was a dark force working against me, but not to be scared that I had power over it. I had been dealing with harassment and cyber bullying since 2018 and was already suspicious and nervous but after this tarot reader explained to me, my fears were legitimate. I was extremely paranoid.

From approximately, 6 -10th October 2021, I posted several videos to my Facebook speaking about the importance and significance of astrological symbolism, at that time I said, on video I had planned on starting a YouTube channel Divine Spirituality. After accidentally stumbling upon tarot readings on YouTube.

On October 10, 2021, my 21 year old son who I had not been in contact with for almost a year, contacted me from an unrecognized, West Virginia phone number. He apologized for his past transgressions and said he was excited to introduce me to his brand new girlfriend Haley Nice. She was in town from West Virginia to celebrate her birthday on October 15. Upon arrival to my residence, the next day on October 11, Haley asked if I could provide her a copy of her birth chart, because she saw my Facebook post, and she was really curious. She said her birthday was October 15, 2001 9:30 pm

Martinsburg, West Virginia. It was not until early May 2022 after some digging, I realized her actual birthday is October 1. It was a façade. An extremely sophisticated plot to deceive! My birthday is August 15, 1978 at 8:51 PM. When you plug in my birthdate, time and location along with the made up one, I was given from Haley. It is literally a MATH EQUATION! Intentionally, tricking me into believing this person was a very deep soulmate of mine, utilizing witchcraft and spell work. They actually had me believing it was my dead fiancé reincarnated! Extreme mental turmoil! My ex-wife who has always been extremely bitter intentionally destroyed my relationship with my children, had access to my social, and all my personal information. We spent over 10 years together and split up in 2004.

On October 13, 2021 my 14-year-old daughter at the time wasn't feeling well and asked me to pick her up from school. On the way home, approximately 1 mile from my residence. An undercover, unmarked police officer flash their lights, I was sincerely afraid, it was not a legitimate officer! To further verify my suspicions on the recorded body cam footage, the other officer, apologized on recording for passing the house because "the car the officer was in, did not look like a police car" as well. The arresting officer clearly states " we are traveling down Highbanks going the speed limit " All of this is on recording!

As soon as the officer flash, their lights, I quickly assess the situation to the best of my ability. Obviously in a state of fear, because I was so close to my residence. I had my daughter call my father to tell him exactly what was transpiring. Upon arrival, home I was held at gunpoint for approximately five minutes! Within that timeframe, they were six other officers at my residence including, Sergeant Jason Stickles. Who was not the arresting officer, although it was abundantly clear he was the man in charge. I was then falsely charged with child neglect, fleeing & alluding and driving on a suspended license. My license had been suspended. They claimed from a case in 2011. I did have a case in 2011, I was on probation and I paid all of my fines and fees! Volusia county courthouse had been reporting a current status, on all of my records for the past 10 years!!

Mid January 2022, my dog died basically out of nowhere, while I was inexplicably ill, extremely dizzy and weak!

There were quite many other indicators of spell work, for example, my American Express cards I have five of them which had a total of about \$150,000 worth of limits around this time. Out of nowhere my limit for all five cards were under \$15,000. Attached to this complaint are screenshots of a person, admitting to doing spell work on me, and they were not the only one!

On approximately May 26, I was feeling very anxious, and I decided to take a drive out to Daytona. I noticed a car following me. I pulled into a gas station. They pulled right next to me. I pulled out and they pulled out followed me again. That was when I made the 911 call. I was on the phone with 911 for approximately an hour. They directed me to drive back home to the police station nearest my residence. So I could meet with an officer to make a report and I would be safe there. I sat at the Debary police station for approximately an hour, in order to make a police report. No one ever showed up! At that time I was still very confused. I knew somebody was trying to hurt me, I was extremely paranoid and thought possibly my own father might have been involved. That was an incorrect

assessment at that time!

On approximately July 20, 2022, I contacted the Debary police station, hoping to file a report on everything that was happening to me. I did not know his name at the time, but the lead officer was Jason Stickles! At this time, I explained absolutely everything! I presented him with, the filled out identity theft packet, provided bank statements with over \$30,000 worth of fraud, a copy of my credit that had been destroyed, copies of threatening text, public threats on Facebook, I explained that someone was trying to have me killed back in May and there was a 911 recording, I did my very best to articulate to officer, Jason Stickles, my ex-wife used my son as a pawn in order to infiltrate my personal boundaries. Tricking me into believing this person was a very deep soulmate. While organizing a team of which-doctors and someone in the criminal justice system, who illegally tampered with records, causing the suspension of my license, in order to celebrate my demise. As well, I had given my motorcycle to a mechanic, and it was never brought back. An old friend contacted me and told me, the same person who raped my ex girlfriend, street name (Alaska) had bought my motorcycle from the mechanic, who is supposed to have it back within a month. When I was trying to make the report, it had already been over four months! I explained all this too, Officer Stickles and all, but begged to just file a report, in order to initiate an investigation. In order to find the true criminals, vindicate my name and to hopefully recover my motorcycle. This man proceeded to mock me, and completely insult my intelligence. He stated, and I quote "you are an idiot for letting someone take your motorcycle, and you need to do more digging on that yourself and as far as everything else, there's nothing I can do about that" Shortly after being denied the first time by Officer Stickles my kids and I took a trip to New York for a couple weeks. Upon my arrival home to Florida, I proceeded to contact the Debary police department approximately 10 times and had officers out to my home on at least four other occasions and was basically mocked by everyone!

Finally, the last week in October, Deputy Igo

Who is the only officer in the whole department that treated me with any amount of respect whatsoever, helped me to report my motorcycle stolen! really only because he had a vendetta against Alaska! On the day of the report, I told him about my identity, theft, and all my other issues, but he refused to help me. He said he had to talk to another deputy or he made up some excuse.

A few days after reporting the motorcycle stolen, I called up to the police department again and spoke with Deputy Bernard over the phone, explaining all of my problems, and that I just needed to make a report so an investigation could be done, again I was mocked!

On approximately November 3, Deputy Igo had to come back over to my residence for me to sign paperwork about the stolen motorcycle. After filling out the necessary paperwork, I pleaded with him to make a report, and he continue to make up excuses. It became very obvious at that time he was directed by his superior officer not to help me!

I have contacted the FBI probably 10 times in the past year and I don't know what they're doing but they don't seem to be helping. I am still going to trial on a case that not only am I innocent, I have been

completely victimized by my community and the law enforcement officers that are supposed to protect me! I need a proper investigation on Jason Stickles, Jacquelyn, Ramieri, Matt Ramieri, Haley Nice. Not only to clear my name, but to bring the real criminals to justice! As I stated earlier, I know this was initiated by my ex-wife Jacqueline but it never could've gone as far as it did without the help of Jason Stickles, or somebody in the criminal justice system. I know for sure Stickles is dirty, I also suspect Deputy Bernard, but that's just a guess! I have had two different attorneys and I'm hiring a third because whoever's working against me, I believe is getting to My Attorney's! When you look at the acts of the case there is no case at all! Please go to my YouTube channel and watch their so-called evidence of their body cam footage!

Attached is a copy of one of the bank statements, provided to Officer Stickles. owing all of the fraud done internationally, as it was explained by my bank. As well as, screenshots of a person, admitting to doing spell work on me online in a chat. The YouTube channel was (The Curious Girl) Amelia Willard. She is a tarot card reader online.

Case# 2021 102073 CFDL STATE OF FLORIDA V. ADAM JOSHUA MACKER

I filed my initial complaint on November 8, 2022. My original court date was scheduled for November 9. It has now been pushed back to December 7, 2022. I am filing another complaint today because after, I filed my initial report on November 8 all of a sudden the Debary Police Department has been trying to contact me. Supposedly they got a hold of my father and now they're willing to hear my side of the story.

Firstly, I provided your department with a lot of information, and I do understand this is an extremely controversial subject! My representation, Muska law did not defend me properly and was not supposed to withdraw until pre-trial, supposedly officer Bernard from the debary Police Department contacted them, and they said they're no longer representing me, which is why he's trying to get a hold of me directly. Officer Bernard, as well as all of Debary Police Department is fully aware of my situation and has been for sometime now! All of a sudden they want to help me. I'm sure you can understand my skepticism! I would really appreciate Communication directly from your office, The Debary Police Department, unfortunately as controversial, as this may be, is extremely broken because the sergeant is a very bad man, in a powerful position and inappropriately used that power on a hate crime against myself!

What happened to me should never happen to an American citizen ever again under any circumstances, for any reason! I personally believe because my mother is Jewish! Which is why so many people tried so desperately to ruin an innocent man's life! Recently I found out Sergeant Jason Stickles is pal's with a lot of my old associates that despise me, along with my ex-wife, which is of no surprise!

I'm in the process of seeking out civil representation. For many reasons, one of which I was unjustifiably, attacked by the police department within my own community! This is so abundantly evident the case is actually laughable. When you look at the so-called evidence, the prosecution has! The only way I could lose at trial is, if I did not get a fair one, because as I stated numerous times, not only am I innocent, I am the victim! I have reached out to almost every law enforcement agency available, not one will contact me back. These people must be held accountable for their crimes! What happened to me is absolutely disgraceful!

I realize the last packet was a lot of information and most likely lead to some unfortunate confusion. I apologize, to further simplify, enclosed in this packet you will find proof of nefarious fraudulent activities, transpiring within the criminal justice system in Volusia county, Florida. Pertaining to the courts association with Perdue Brandon Fielder Collins and Mott, LLP. I have not yet had time to research if there is a correlation between Mott, the public defender in Volusia County, and Mott, who is listed as one of the registered agents for the collections agency. However, I would not be surprised to find out that they were in fact affiliated.

After approximately 72 hours of carefully familiarizing and researching the docket, the first thing I uncovered is that it's a common practice for Volusia County to record a judgment just after an individual satisfies a judgment. In many cases, this is done the very next day. I firmly believe there are hundreds if not thousands of recorded judgments they haven't tried to collect yet.

September 15, 2021, although I was later advised it was the collection agency that sends out the notices (Exhibit D1), the letter addressed by the Clerk of Court was sent to my residence claiming I owed \$323 on case # 2011 002740 CFAWS not only evokes a vivid recollection of having fulfilled my financial obligation, but perusal of the amendment page at [www.clerk.org](http://www.clerk.org) confirms that the payment was made on March 21, 2012. In a brazen and egregious display of duplicity, Volusia recorded another judgment in my name on the very next day, March 22, 2012. The depth of their treachery is further exposed by the fact that, on January 28, 2022, after being unjustly compelled to pay the fine a second time, Volusia recorded a payment on this case of a paltry and insulting \$10. Additionally, it should be noted that all of these judgments are supposed to be paid within 90 days, yet no one seems surprised when questioning a fine that is a decade old.

Case # 2011 002563 CFAWS, similarly, exhibits on the amendment page that it was paid on March 21, 2012. Yet again, on March 22, 2012, the very next day, Volusia recorded another judgment in my name. On January 28, 2022, Volusia recorded a payment on this case of a measly \$10.

Case # 2011 02567 CFAWS, as evidenced on the docket, was paid on October 18, 2012. In a shocking display of duplicity, Volusia recorded another judgment in my name a mere six days later on October 24, 2012. When forced to pay again in January 2022, they recorded a payment of a mere \$18. This case was paid to probation, revealing a pattern of inconsistencies that always favor the state, never the individual.

During my preliminary examination of the docket, I discovered three additional individuals and pertinent case #s listed below, also included in this packet. Despite my lack of familiarity with these individuals, based on my findings, I firmly contend that these gentlemen were unjustly compelled to make a second payment.

SEAN THOMAS NOLAN  
2011 033902 CFAES 2011 045901 MMAES

ADAM C KAVERN  
2017 104058 MMDL, 2018 102514 CFDL

2021 102170 CFDL

ZACHARY A. THOMA NICHOLS

2013 306159 CFDB, 2013 306612 CFDB

2018 305466 MMDB

Additionally, contained in the packet you will find the following 5 case #s. I Located discrepancies that I just did not have the time to properly investigate but definitely feel warrants proper investigation.

2021 302235 CFDB, 2016 101602 CFDL

2011 003517 CFAWS, 2011 032629 CFAES, 2018 305820 CFDB

It is also worth noting that I have been a victim of identity theft, and recently discovered that Volusia has been advertising my Social Security number online for anyone to see, dating back to 2012. Initially, I suspected my ex-wife of distributing my personal information, but to my dismay, it appears to be the state of Florida that is responsible."

Ladies and Gentlemen, I am fully cognizant of the situation at hand. The "Circus et Panem" collection draws inspiration from the Latin phrase "panem et circenses," which refers to a tactic employed by governments to quell public discontent by offering them superficial solutions or distractions, namely "bread and circuses". This ring serves as a mock of this political strategy.

It is not my intention to instigate a revolution. My sole purpose is to seek justice in my hometown, where I have lived for so many years. Exactly 1.6 miles from the police station where this criminal sergeant is employed. The disparity between Sergeant Jason Stickles' lavish lifestyle and his modest salary is an example of what needs to be addressed. Not to mention his highly questionable past, which constitutes his transfer to the small town of Debary. Let us not forget, I was attacked by this man within a mile and a half of my residence. They simply took it way too far, with someone that has a full grasp of the current landscape. I am currently working with a marketing manager to be taking control of my social networks. I can not stop until justice is served!

Amount Due: \$323.00

Our records reflect that the Court Ordered fines and/or costs in your case are past due. This is your FINAL notice. Failure to pay the amount due as indicated above within 10 days of the date of this notice will result in a Judgment lien being recorded against you for the total amount due plus interest compounded annually at the current interest rate. Additionally, your case will be referred to a collection agency. Once your case has been turned over to a collection agency, we will no longer be able to accept your payment. An additional 40% collection service fee will be added to the total amount due and your credit may be affected.

To avoid a Judgment lien being recorded against you and a collection service fee being added to the amount due, you must pay your account in full.

Please contact our office should you have any questions.

## ADAM JOSHUA MACKER

My beautiful daughter was in my company when we were unlawfully attacked and assaulted and is the main reason I cannot acquiesce to the criminals at hand and the sole reason I must stand up to this injustice until the bitter end. If not, what kind of example would I set for her?

The last week of May 2022, I found myself on the line with emergency services, "911", for nearly an hour, gripped by fear. Despite the instructions I was given to seek refuge at the local police station, no assistance materialized. Can anyone offer an explanation? Although this document will be delivered to many sources, this document and especially the following paragraph is directed especially to Officer Hess of the FDLE and Volusia County Sheriff Chitwood.

It is an absolute privilege to carry the badge and should never be taken lightly, for it is a profound symbol of the trust and honor bestowed upon those who uphold the law. It is a hallowed and sacrosanct responsibility that demands the utmost integrity, discipline, and unwavering commitment to serving and protecting the community. The badge is a symbol of authority that commands respect and instills confidence in those who seek its protection. To carry the badge is to bear the weight of history, the legacy of those who have gone before, and the trust of those who will come after. It is a responsibility that requires the highest caliber of individual, one who possesses the courage to face danger, the fortitude to endure adversity, and the empathy to connect with those they serve. The honor of the badge must be protected at all times, for it is the foundation of our society, the bedrock of our institutions, and the embodiment of our values. It is now of the utmost importance that you recognize the gravity of the situation and acknowledge that it is imperative to put any affiliations or companionships aside in the pursuit of upholding the law. This pursuit is much larger than any individual or personal relationship and demands the utmost diligence and focus. It requires a deep respect for the principles of justice and an unwavering commitment to their application, regardless of personal biases or preferences. It is time to heed the call of duty and act with deliberate dedication and vigilance, ensuring that the principles of justice are preserved and upheld to the highest degree possible. The weight of this responsibility should be fully understood and appreciated, as the impact of one's actions in the pursuit of justice will reverberate throughout society for generations to come. Therefore, it is crucial that one approaches this task with the utmost seriousness and solemnity, recognizing the enormity of the responsibility at hand and committing to fulfilling your duty as an officer of the law, with the utmost care and attention to detail.

This is a case involving massive abuse of power, backed by incontrovertible truths that can only be denied for so long. The perpetrators who committed these heinous actions must be brought to justice for their betrayal. I have unfortunately suffered from gang stalking, defamation of character, cyber bullying, tampering of court documents, harassment, assault, identity theft and the list goes on. Conveniently, the state of Florida has been advertising by Social Security number and personal information at [www.clerk.org](http://www.clerk.org). The individuals who are referred to in this document are a conglomerate of esteemed personages whose very mention is known to evoke controversy, and diametrically-opposed opinions. However, the contents of this written communication are constituted solely of facts that are beyond dispute, supported by irrefutable evidence.

December 7, 2022, I delved deeply into this case, uncovering a sinister web of corruption and deceit that plagues our justice system, meticulously scrutinizing the egregious tampering of court records, which was conducted with malicious intent, and ultimately led to the illicit suspension of my driver's license just prior to

being attacked! Armed with a "be on the lookout" bulletin, premeditatedly targeted me at the very location where I am most commonly found: the school where I retrieve my children. The individual in question, whose professed role as an officer of the law should dictate upholding the highest standards of justice and integrity, has instead stooped to abominable depths of depravity and malice. This nefarious scheme carried out by Meshelle Naylor, is nothing short of criminal, despite holding a badge and the trust of the public, flagrantly violated the law and trampled upon my fundamental civil rights. It is unconscionable that she would use her position of authority to commit such heinous acts, and she must be held accountable for her crimes. No number of excuses or justifications, such as claiming permission from a superior officer, can absolve the responsibility to uphold the law and act with integrity as both an officer and a human being.

I'm eternally proud to unapologetically announce my vanquishing of an incredibly gripping opiate addiction that had its genesis in a period of substantial financial success during my early adulthood. Externally, my well-known success and achievements were regrettably met with resentment, animosity, and hatred from envious and malicious individuals within the community. I had no inkling the nefarious influence of these questionable characters would have the power to corrupt law enforcement officers with their falsehoods, baseless accusations, fabrications, and outright lies. It is an unequivocal fact the individuals contained herein remain in violation of the law. As a direct consequence of their duplicitous behavior, a spate of illegal activities and illicit actions have been perpetrated. The sheer magnitude of their criminal conduct and perfidious behavior is not to be underestimated, the ramifications of which have wreaked havoc on my personal and professional life. This ignominious band of imposters has besmirched my good name, tarnished my reputation, and instigated irreparable damage to the very fabric of our society in Volusia County Florida. How many others, have they prayed upon? It is incumbent upon all persons of good conscience to hold these perpetrators accountable for their nefarious deeds and to ensure that justice is served with utmost alacrity.

In addition to my recent complaint submitted to the Department of Internal Affairs, the Florida Department of Law Enforcement (FDLE), the Federal Bureau of Investigation (FBI), and the Department of Justice (DOJ), I have provided comprehensive evidence of a labyrinthine network of pernicious activities between the courthouse and the debt collection agency, Perdue, Brandon, Fielder, Collins and Mott, LLP. My documentation has exposed a brazen scheme, shining a blinding light on their shady machinations. As a result of this alarming revelation, I uncovered that my previous legal representation was inadequately advocating for my position. (When they are continually refuted a simple question. "Who is responsible for the illegal suspension of my driver's license.") I was left with no choice but to terminate my relationship with Musca Law on December 7, 2022. After being coerced to attend a docket sounding without legal representation, the state attorney perused what he referred to as "letters," which were my two previous complaints to internal affairs, and a brief letter to the Honorable Judge D. Nichols, advocating for a short extension. He then requested that I undergo a mental health evaluation, which was subsequently ordered by the judge. After meeting with the eminent Dr. Davis, a man of elite intelligence and reputation, I would be remiss if I did not mention that he is not a virtuous man. I will elaborate on this subject at a later date.

It is an incontrovertible and universally recognized fact that, since my tender and formative teenage years of adolescence, I have been entirely innocent of any criminal misdeeds. However, these truths were conveniently overlooked and obscured by concocted and mendacious tales, crafted with malicious intent, using the badge as a weapon. For the sole purpose of bringing harm to myself, and my family. Furthermore, these individuals are well aware of my inherent goodness, honesty, righteousness, and dedication to my personal spiritual beliefs. Their unwarranted hatred, jealousy, and malice is painfully apparent.

On January 4th, 2023, I made a deliberate effort to deliver court docket information, which had been tampered with, to the FBI on Trafalgar Ct. Regrettably, I was unaware of their relocation to South Keller in Maitland. Nonetheless, to my dismay, I was brutally arrested under the false pretense created by Maitland Police Detective Quinn, after illegally tracking my whereabouts to both locations, this officer fabricated a story and presented it to the arresting officer, falsely accusing me, an upstanding citizen, of attempting to surrender

myself to the authorities. Surprisingly, I was completely unaware of any warrants for my arrest. To confirm this, my full complaint has been recorded and can be identified by FBI identification #59777, which will also expose the aforementioned falsehood. It was later brought to my attention that I had been arrested under the baseless charge of scheming to defraud on a business I closed three years prior after the death of my fiancé. I am compelled to assert that this organization was, in fact, completely legitimate, producing and disseminating magnetized dual-sided safety boards, which we sold with genuine advertising space on the front of the board, above an open dry-erase section. In fact, the incorporation responsible for the majority of revenue attained was never mentioned in the information filed. Which only further solidifies my deep-rooted commitment to the betterment of society. I solemnly swear that, were I truly engaged in any scheme to defraud, I would be a billionaire. I intend on fighting this case till the bitter end, and if need be, I will stand trial, and explain to the jury a real scheme to defraud, which, by law is completely legal, but below my moral compass, and for that reason, unless my children were risking going without sustenance, it's something I would never do.

The incontestable truth of the matter is that in my twenties, I achieved extraordinary financial success, far exceeding my level of maturity at the time. My personally attained success was externally perceived to be greater than it actually was, unfortunately resulting in animosity, envy, and ultimately deceit. Regrettably, my immaturity ultimately led to the untimely passing of Anna M. Girst, the mother of my two youngest, on the 16th of July in 2022. Her tragic demise was solely attributed to her inability to overcome a pernicious addiction to opioids. Her tender heart was beleaguered by the dreadful affliction of endocarditis, while the insidious venom of sepsis coursed through her delicate veins. I consider myself exceedingly fortunate to have gained many priceless life lessons from my experiences. Nevertheless, as the sage adage goes, "Idle hands are the devil's playground," and it is with a heavy heart that I must acknowledge the tragic consequences of my own inaction. I can unequivocally affirm that I possess firsthand experience of the other famed saying, "Hell hath no fury like a woman scorned." Specifically, I speak of my former spouse, Jacquelyn, who, lamentably, is a woman of profound bitterness and brokenness, a masterful performer when it comes to putting on a facade of normalcy. In the inaugural quarter of 2012, a seismic shift of gargantuan proportions rocked the very core of my consciousness, irrevocably altering the trajectory of my life's path and redefining my perceptions of reality. At the tender age of 33, I underwent an unexpected and transformative kundalini awakening. In the wake of this profoundly life-altering event, I made the fateful decision to acquiesce to serving felony probation, having been indicted for a supposed heist of an unoccupied conveyance. Firstly, it was occupied by three gentlemen. Although an imprudent choice, it wasn't criminal in nature, but rather a misguided attempt to support and defend the mother of my children who had been deceived and defrauded out of a mere \$20 that I had provided to help obtain the necessary narcotics to satisfy her insidious opiate dependence. Driven by an ill-conceived impulse to defend and support the mother of my daughter, my actions were undoubtedly imprudent but unequivocally not a criminal transgression on my part.

That \$20 would ultimately cost over \$20,000 in legal fees and ultimately, is this case referenced money owed, resulting in the suspension of my driver's license 10 Years later. At this time, I was generating an exorbitant amount of revenue of course paying all fines incurred, not only for myself, but also for my now deceased paramour.

As previously mentioned, the truth can only be denied for so long, because Father Time never lies. This case will ultimately garner massive attention. Not so much because of my unique experience, but mainly due to blinding negligence and mischievous behavior of Volusia County law-enforcement. Currently, we are diligently working on a professional studio production, running concurrent with a proper marketing campaign, scheduled for release April 1, 2023. My late fiancé's (Desire' Faith Drake) birth and death date were the same as the late Gabby Petito, both born March 19th deceased September 27th, further inspiring deep personal, cultural, and even astrological introspection, observation and contemplation. We very much anticipate the premiere and have no doubt it will go viral! Many talented, divination readers have been channeling this energy for a long while, Ancient Mystery Investigations Tarot, on YouTube is one many.

It is abundantly clear that my criminal adversary, wields a great deal of influence, and has at least one extremely powerful Court appointed ally, who will inevitably fall! (It's a matter of who they take with them.) I do

not say these words lightly, in light of my previous allegations that were denied. Please do not underestimate the gravity of these words, and be mindful that I only began investigating this case December 7, 2022, concurrently carrying for my two youngest. Jayden, who was born with an addiction to opioids, but has since achieved and maintains a B+ average, and my daughter, Jordan, who has always been an exceptional student and maintains an unblemished 4.0 GPA in the highly-regarded Cambridge program reserved only for elite scholars. Regrettably, Jordan was in my company when we were both viciously stalked, harassed, assaulted and with a deadly weapon. A mile from our residence, which is exactly 1.6 miles from the local police precinct where Sergeant Jason Stickles and his subordinate, arresting officer Michelle Naylor, were gainfully employed, where I have lived for the better part of 35 years. Under the direction of Stickles, Deputy Naylor committed a litany of appalling crimes that are so deplorable, they will undoubtedly serve as excellent training materials, as an example of what law enforcement officers should NEVER do.

Contemplating the number of destitute souls who may have fallen prey to the felonious acts of these malefactors prior to serendipitously crossing my path. As a powerful, Heyoka Empath, I possess intuitive and intellectual acumen, honed through tireless study and inquiry, scrutinizing the actions and motivations of these deplorable individuals with a discerning eye, clearly identifying those who seek to perpetrate injustice. My discernment has allowed for a comprehensive roster of all known malefactors, whose perfidious machinations have been exposed and now must be held accountable. Although my knowledge and insight are vast, what I present here is but a minuscule fraction of the whole, yet indisputable truths that can withstand even the most rigorous scrutiny. It is the unvarnished, unequivocal, and irrefragable truth, that I, Adam Macker was illegally stalked, harassed, and attacked by Volusia County law enforcement. The forthcoming premiere will undoubtedly articulate this with precision, poised to provide an exceedingly efficient viewing experience. I remain steadfast in my pursuit of justice, with Blinding Faith justice must prevail! I am cognizance of higher authorities in observation with a perspective eye. If by some peculiar anomaly they aren't, they will be shortly!

As a resourceful single father, entrusted with the duty of caring for my aging forefather. All while wrestling the profound sorrow and grief stemming from the physical loss of my beloved fiancé, Desire' Faith Drake. Please note (Desire Faith) I could honestly write a book on this short phrase alone. I confidently assert that our bond exceedingly transcends the limits of what is typical, common, or ordinary. The unequivocal divine nature of our spiritual union remains, of the most extraordinary kind, that defies description or quantification. I will say, nothing happens by chance, everything is for a reason, and this will likely be your last opportunity to decide. Although this document will go out too many sources, the following comment is intended for (Officer Hess of the FDLE & Sheriff Chitwood of Volusia County) In the pursuit of upholding justice, one must not turn a blind eye to corrupt influences, no matter how powerful or influential the individual may seem. It is an undeniable truth that the mighty must fall, and in doing so, they will leave behind a wake of destruction and devastation wrought by their actions. Therefore, it is essential to remain vigilant in the face of such power and to hold those who abuse it accountable for their nefarious deeds.

I am presently undertaking a judicious and meticulous process of selecting the most suitable and proficient civil counsel available, in order to pursue a civil suit against the Debary Police Department for the actions of both Stickles and Naylor including but not limited to their criminal Offenses on October 13, 2021. My lawsuit will encompass not only, her abhorrent criminal actions, but also her egregious and utterly unjustifiable invasion of my home, where she went so far as to explain to my daughter, a mere adolescent, that I suffer from brain damage. Commencing at 5 minutes and 20 seconds, of Naylor's second recording, to bear witness to this unspeakable act, executed with the sole purpose of coercing evidence. Officer Hess of the FDLE and Sheriff Chitwood of Volusia County, I patiently await your expeditious response on whether you are willing or unwilling to initiate an investigation.

The abrogation of the code of law enforcement is an unequivocal and flagrant violation of the very precepts upon which our civil society is founded. Those who commit such an egregious transgression betray not only the trust of the public, but also the solemn responsibility of their sworn duties. The repercussions of such ignoble conduct are far-reaching and extend beyond the immediate disciplinary and legal consequences,

encompassing a profound and indelible erosion of the public's trust and confidence in law enforcement. This in turn can result in a deepening sense of alienation, cynicism, and mistrust among the citizenry, thereby undermining the very fabric of our democratic society.

Furthermore, such acts of misconduct represent a fundamental and catastrophic failure of leadership, which if continued will no doubt, result in the loss of honor, dignity, position and professional reputation.

Given the high stakes involved in the administration of justice, the onus on law enforcement officials to adhere to the highest ethical standards is both paramount and non-negotiable. Any deviation from this critical mandate must be met with swift, decisive, and unequivocal action, so as to uphold the sanctity of the rule of law in the relentless pursuit of Justice, and to engender the unwavering trust of the public.

I will remain resolute in my battle against this injustice.

## HAILEY NICE

When a search in her name is performed, you may find HAILEY KAITLAND or HAILEY MICHA NICE. dependent upon which set of records you locate. Its readily apparent diligent effort has gone into obscuring her information.

In the early days of October 2021, I initiated a groundbreaking video series, disseminated exclusively to my Facebook audience, wherein I expounded upon the intricate nuances of astrological signatures, transits, and personal disposition. This was uncharted territory and something I never spoke of publicly. I took great pride in sharing this profound knowledge. However, fate had something entirely different in store. On October 9, 2021 an unexpected visitor, Hailey Nice, appeared at my doorstep, accompanied by my estranged son, Jacob. I was ecstatic to be reunited with my son after almost a year of separation, yet, my jubilation was short-lived. Upon analyzing the astrological composite chart, computed using my birth information, I discovered that Hailey was a malevolent force contracted to deceive, utilizing a fictitious birthday, my son, and spell work of negative intent. With the ultimate goal of, creating unnecessary distractions, and fracturing my relationship with my child. Shortly after Haleys departure from my residence, my family members noticed the conspicuous absence of my cherished high school graduation photo, which had been prominently displayed on my mantle for almost two decades. It later came to light that this precious memento had been pilfered and used as a prop for wicked spell-work. The ensuing months were fraught with tension and trepidation as I navigated this insidious web of deceit and treachery. Haley, a malignant and nefarious 20-year-old, did not orchestrate this sinister scheme independently. This young woman was definitely compensated for her criminal actions, there is absolutely a paper trail, and is the primary reason this can only be denied for so long. Despite my experience assiduous attempts to file a report for close to a year. It is glaringly apparent why It's been so difficult to secure justice. Jacob, was in no way complicit in this scheme, but rather, used as a pawn by his mother and Volusia County law-enforcement, using the badge as a weapon to harm innocent citizens. Working in tandem, they embarked on a nefarious campaign of identity theft, resulting in a 208-point decline in my credit score since October 2021. Conveniently the state of Florida has been advertising my social security number [www.clerk.org](http://www.clerk.org).

## JACQUELINE NOREEN KUJAWA MACKER RAMIERI

Despite her pleasant veneer, this is an intricately flawed, human being, showcasing an all-encompassing egocentricity, alongside a proclivity for obfuscation and artifice. In adolescence, her addiction to MDMA spurred a life of mischievous and duplicitous behavior. Leading to the degradation of nude entertainment, in order to evade incarceration for her egregious forgery of an entire checkbook. Despite lacking the requisite rhythm to be an efficient entertainment dancer, nomadically, traversing from town to town, weaving intricate and meticulously constructed narratives of hardship and misfortune, falsely extracting compassion and financial aid from unsuspecting victims. From the guise of quiet unassuming innocence, an insatiable, power-hungry character emerged, adept in utilizing the allure of sexuality as a weapon to ascend the ranks of influence and authority. As a dutiful stay-at-home father, I found myself contending with the relentless and insatiable avarice of Jacquelyn, as the breadwinner, wielded her influence, and demanded our union in the early 2000s. However, in December of 2004, I was compelled to abruptly terminate the relationship, following a sustained campaign of emotional abuse and psychological manipulation. Which culminated in consistently hanging a litany of nooses, repetitively threatening her life, as a pathetic coercion tactic. In a valiant attempt to quell my unwavering determination for personal autonomy, she mischievously advocated for an undesired divorce as a deceitful ploy to lure me back. As primary caregiver for our children and unemployed at the time, with careful consideration, without debate or negotiations I signed the dissolution of our marriage, along with a monthly payment for support OF \$400. Very well aware, I was entitled to alimony, a portion of her income, and child care, because I was the caretaker. This decisive move was not only intended to emancipate myself from her micromanaging antics but also to avoid any potential conflicts or strife that could prove detrimental to the children. In the wake of our parting, I deftly navigated the the financial sphere and achieved great success. In an act of benevolence, in 2008 I presented my former partner with a \$5000 check, far surpassing the pittance of adolescent support, previously acquiesced to. All in the name of fostering a positive relationship for the betterment our children. Yet, to my dismay, she summarily rebuffed my magnanimous overture. The very next year while residing in the luxuriant confines of my upscale apartment complex in Heathrow at Pure Living, on Father's Day in the warm embrace of my beautiful children and elders, we were simply enjoying one another's company for the holiday. It was at this juncture that Jacqueline, in a misguided show of force, dispatched local law enforcement, in a futile bid to compel my return of the children, revealing the depths of her unscrupulous character. In 2015, upon relocating to the same neighborhood in effort to be near the children, living in the home directly behind, Jacqueline denied the right to see the children, she claimed, "Your girlfriend is too young." Shortly after she pursued legal action in pursuit of financial gain, subsequently her claim was denied, and the initial support was revoked. Unfortunately, her anger led to deceit, envy, and malice. Jacqueline is known associates with Jason Stickle and other court appointed officials in Volusia County. For the past 15 years, I have been a victim of Jacqueline's deception. This woman has a twisted and tumultuous relationship with the truth, and it has caused immeasurable damage. It is with great sadness and frustration that I speak out about her actions today. In January 2022, I confronted Jacqueline about her habit of fabricating stories, her extramarital affairs, and her constant thirst for a competition. I sent her a message and a clip, hoping to appeal to her conscience and put an end to this madness. Instead of remorse or contrition, Jacqueline responded with cruelty. She explained "I just watched what you sent, Matt and I are cracking up, you're crazy." I immediately proceeded to send six concise messages, and asked are you still laughing? Silence speaks volumes. I have not heard a word ever since. Crickets!

To Jacqueline, I say this: your actions have consequences. You may think you can get away with your lies and your deceit, but the truth has a way of surfacing. I implore you to reflect on your actions and the pain you have caused. I urge you to make amends, to do the right thing and stop your cycle of deception.

To everyone else, I say this: do not let anyone silence you or rob you of your truth. Speak out, stand up for yourself, and demand to be treated with respect and dignity. Sometimes we have to fight to be heard.

## MATHEW RAMIERI (HUSBAND)

Before I get into Matt to provide a little necessary background of the current set of circumstances. Prior to Haley even getting out of Florida, returning to West Virginia I must have messaged her 100 times asking who put you on me?? I continued to message her repeatedly probably another thousand thinking she was some long-lost soul mate, until the end of April when I found out her real birthday of October 1, not the 15th at 9:30 PM in Martinsburg West Virginia. At the time dependent upon my incompetent representation, I was unaware of Sergeant Stickle's or Michelle Naylor. I assumed Jacquelyn was working independently of Matt. I explained to him, about her extramarital affairs and how she contracted Haley and I told him this repeatedly through text message, unaware that he was involved with all of it. Truth be told, I really don't even blame Matt. If my wife was obsessed with her ex, I wouldn't like it either. It wasn't until August 2022 that I learned, they were corroborating with Volusia County law-enforcement and that's when I put it together. Knowing my ex-wife, the way that I do, I've known her since she was 14. Keep in mind when I left this woman, I was jobless. All I had to do was stay home smoke pot and play video games and I left and gave her everything, that should tell you something! The thing is is, I'm loyal to a fault at times, which is why I spent almost 10 years with Jackie and almost an additional 10 with Anna, prior to leaving them both and when I did, they hated me because I took my love away and that's just the gods honest truth! What husband wouldn't be jealous?

My point is is I would not leave my family unless I had one hell of a good reason and with "Wacky Jackie" as they used to call her, I had many reasons honestly people haven't a clue I could write 10 novels no bullshit! Either way, who cares what they say because that's what got us here in the first place! Unless it can be backed up with evidence which, obviously in Volusia County is not necessary. I know Volusia's been doing stuff like this for a while, but this is just to flagrant belligerent and exactly what is needed in order to inspire change. I believe this absolutely applies. Entropy is a concept in thermodynamics that measures the degree of disorder or randomness in a system. It is a quantitative measure of the tendency of a system to move from a state of order to a state of disorder. Another words the system must recalibrate, in order to restore balance. This is not an opinion, it is an undeniable fact, as the old saying goes "Father Time Never Lies." How long it will take rests precariously upon the discretion of a select few, whose names history will not soon forget. The gravity of this juncture demands that each individual involved undertake an earnest and critical examination of their own contributions to the situation at hand, for their actions shall reverberate across the boundaries of time and beyond the confines of Volusia County, Florida. Please put friendships and associations aside and bring Justice in order to re-instill much-needed confidence!

## SHAWN PATRICK MURPHY

I met Shawn in 1988, growing up as neighbors, we were best of friends, sharing many memories. Although he was two years my junior, Shawn was always a towering figure, twice my size. As young children, we would often engage in scuffles, despite my size disadvantage typically Shawn would end up embarrassed. His well-known reputation for crying and running home, became a joke, amongst friends over the years, despite these silly childhood spats, our friendship remained.

Later in life, I became an extremely successful entrepreneur, engaging in a multitude of lucrative organizations, most of which I was the primary owner. Unfortunately, my tremendous success became a source of envy and malice for some. Despite this, Shawn worked for several of my organizations over the years. In 2012, as co-owner of the well-known Number One Gold Buyers, Inc., business began to slow down, and after careful consideration, my partner and I made the difficult decision to terminate Shawn's employment. Unfortunately, Shawn was outraged at the dismissal, and has since harbored an intense grudge, and over the years has been publicly vocal about his hatred and malice. I have never done anything wrong to this man or any person. It's the golden rule, treat others the way you want to be treated. It truly is that simple, a motto I proudly live by. To make matters worse, Shawn is great friends with Sergeant Stickles, who was clearly overjoyed when his subordinate deputy officer falsely accused me of crimes I never committed. As you can clearly see on the recorded body camera footage. I had never met Stickles before, and he had no knowledge of my character beyond the fanciful lies fabricated by my vengeful ex-wife and his close confidante Shawn. Let me be unequivocally clear: I do not believe that Shawn was involved in any criminal activity whatsoever. However, I am acutely aware that he was the principal instigator, manipulating his connections and spreading falsities to cause harm. It is with this knowledge that Sergeant Stickles, a mere follower to Shawn's and my ex-wife's manipulative schemes, instigated Stickles to cooperate with his subordinate Michelle Naylor who gladly help you carry out their duplicitous plan. Yet, in the face of these adversities, justice must prevail. It is imperative that those who seek to harm others through deceit and manipulation be held accountable for their actions. The weight of evidence and reason must be the guiding light in any decision, regardless of one's personal biases or affiliations. For it is only through a steadfast commitment to truth and through the relentless pursuit of justice that we can hope to build a just and equitable future for the children of tomorrow.

## DEPUTY MESHELLE NAYLOR

In a most heinous display of wickedness, Meshelle Naylor, lay and wait in an undercover, unmarked, a mile from my home to execute her sinister plan, using my son, who she was planning to catch me with, as a tool of subjugation and terror. Instead, because I picked my daughter up early that day, Meshelle Naylor had no problem terrorizing her instead! As she brazenly admitted in the first of her 2 recordings, speaking to my father, "I was on my way to the elementary school, we're going to the same place." Egregious! This corrupt Deputy, scheming at the direction and protection of a severely broken Man, Sergeant Jason Stickle's, had indeed hatched a sinister plot to strike while with my child, hoping to repossess my automobile thankfully, Peter McGlashan, had no use for it. The flagrant, corrupt, and deceitful conduct of Sergeant Stickle's constitutes a grave miscarriage of justice, as he egregiously guided officer Naylor to charge crimes never committed. This seasoned officer, who was acutely aware that he was being recorded, despite his strenuous efforts, could not conceal his inherent complicity in the flagrant criminal actions of Meshelle Naylor.

Corrupt police deputy, Michelle Naylor in execution of an unlawful B.O.L.O, a clear case of entrapment, multiple criminal offenses, including assault with a deadly weapon and three flagrant deplorable acts of coercion. The first at gunpoint in order to try to legitimize an illegitimate fling charge. Her reprehensible conduct, which targeted not only myself but also my adolescent daughter then father, was brazen and inexcusable at the direction of her superior officer sergeant Stickle's. Not only was I illegally questioned at gunpoint. I was never given the opportunity to exercise my Miranda rights. Not by corrupt Sergeant Stickle's, or any of his four subordinate officers on site. Including devious criminal and partner in crime arresting officer Meshelle Naylor.

It is essential to take cognizance, Michelle Naylor, submitted two distinct camera recordings, which warrant careful and meticulous analysis. It is germane to highlight that she perfidiously and abhorrently muted the audio on the first camera recording, just seconds after Sergeant Stickle's inquired, "Are you still on?" This patently ludicrous comment, a stunning display of breathtaking ignorance, is visibly and audibly apparent at the precise timestamp of 26 minutes and 27 seconds, within the 26 minutes and 34 seconds of recorded footage, which Naylor turned in. Subsequently, she deliberately and inexcusably silenced the audio for seven interminable minutes while colluding with Stickle's, prior to unlawfully entering my home. This unspeakable act was executed with the sole purpose of coercing evidence. Despite the state's inability to produce a single iota of evidence, I remain steadfast and unwavering in my resolve to continue fighting this case. The truth of the matter is, I was simply protecting my innocent and vulnerable child from an insidious and then unknown assailant who had been relentlessly attacking me. This is unequivocally corroborated by the irrefutable evidence that can be discerned by my comment at precisely 15 minutes and 58 seconds into the second camera recording submitted by Naylor, which in its entirety comprises 29 minutes and 4 seconds of footage. I had no clue I was on recording or under attack by the very officers sworn to protect. Is it not, increasingly obvious why my prior representation did not properly defend my good name? Numerous conspicuous observations are readily apparent to the astute, although not all have been explicitly elaborated in this document. These salient points will undoubtedly be elucidated in subsequent communications, lest I fail to secure the services of an individual within the Volusia County justice system possessing the requisite moral backbone to confront the criminals at hand!

Commencing at 5 minutes and 20 seconds, of Naylor's second recording, to bear witness to the unspeakable act, of explaining to my daughter an adolescent. That I her father, have brain damage and is the reason for my spiritual beliefs. All executed with the sole purpose of coercing evidence. What this group did is beyond reprehensible, and Justice must be served.

## JASON STICKLES, DEBARY POLICE SERGEANT

At my September court hearing, the prosecutor, armed with a fabricated statement and unwilling to negotiate, swore under oath and addressed the judge directly, "I have evidence of Mr. Macker committing the crime in question on video." In response, Judge Nichols ordered me to view all the supposed evidence. Upon receipt, I uploaded all six original, unadulterated police body-worn camera recordings to my newly created YouTube channel, @DEVINE-GRIND, which will remain readily accessible for public viewing. However, upon closer examination, it was revealed that there were only five officers present at the scene, but six recordings were produced. The arresting officer had cut audio for approximately seven minutes to have a conversation with her sergeant and co-conspirator. Prior to entering my home to berate and humiliate me in front of my adolescent daughter, for the purpose of using her as a tool for coercion. Currently, the channel has been met with a huge response with over 100,000 views and has seen a significant increase in popularity since the upload, with the most popular video, posted on December 29th, receiving over 33,000 views. Nearly all of the videos on the channel are derived from footage of my arrest on October 13, 2021, that I have edited for optimal viewing ease and efficiency. The prosecutor claims to have thoroughly examined the facts of the case, yet the actions of the prosecution and those involved are beyond reprehensible and criminal in nature. The following link leads to the playlist that contains all of the original unaltered recordings and all of the evidence that was thoroughly studied by the prosecution. There is no evidence for the state only evidence of how I was harassed and victimized by police brutality.

ORIGINAL BODY CAMS ALL STATES EVIDENCE

This following concise video clip, spanning a mere 48 seconds, crafted to provide a more efficient viewing experience. Reveals a disturbing demonstration of the abuse of power perpetrated by Sergeant Jason Stickles with his unambiguous and irrefutable display of seven unconscious and involuntary body gestures, which were in perfect synchronicity, precisely timed with fabricated verbiage of Officer Naylor., falsely charging me with crimes I never committed. The video's exposé of this egregious violation of justice and ignorant behavior, manifesting itself in the exploitation of nonverbal cues. Such flagrant injustice cannot be ignored, and it is imperative that the full weight of the law be brought to bear. Jason Stickles is well-known friends and associates Shawn Patrick Murphy, and the reason behind his discerning smirk, and it does not take a genius to see it. Noticed the officer adjacent to Stickles totally disengaged emotionally, as an honest officer of the law should be. This is a powerful indication of the extent of Stickles's guilt and maleficence. I did not know the man at the time. He clearly was aware of me! This man has thoroughly abused his rights of an officer of the law and its blatant. Please refer to my first 2 complaints with internal affairs. It is crystal clear, this man was using the badge, in total violation of the law to inflict physical, emotional and psychological torment to myself and my poor innocent child, using a corrupt deputy to inflict unwarranted pain! Not to mention his highly questionable past. As a police sergeant this man has at least 1 extremely powerful ally, please watch the subsequent clip to see a true coward at play!

SGT. JASON STICKLES

MESHELLE NAYLOR

### ITIMIZED BREAKDOWN of UNLAWFUL ARREST of Adam J. Macker on (10/13/21)

This was created in mid-December after being forced to attend docket, sounding without representation. I've decided to turn it in as an additional complaint. I just thought that was important to mention I want to thank you in advance for any help you may be able to offer anything you can do would be greatly appreciated

Throughout this entire charade neither Adam Macker (AM) or his daughter DO NOT provide 1 article of incriminating evidence despite Sergeant Jason Stickles (SJS) and the Arresting Officer Meshelle Naylor (MN) illegally employing a B.O.L.O and a clear case of Entrapment. (MN) commits 3 separate acts of coercion on (AM) the first at gunpoint, then muting her recording device for 7 minutes while conspiring with Strickles, prior to unlawfully entering (AM)s home in a pathetic effort to coerce evidence. At one point explaining to (AM)s child. HE HAS BRAIN DAMAGE AND THAT IS THE REASON FOR HIS SPIRITUAL BELIEFS. Please adhere to TIMESTAMP T18:22:17 according to (MN)s body cam. 5 minutes 15 seconds into her 2<sup>nd</sup> recording. These individuals, holding very prestigious positions have proven on record to have an extremely tumultuous relationship with the truth! The only evidence attained on this disgraceful day, was extreme police brutality on a loving father traveling home from school with his beautiful 14-year-old daughter after his Driver's License unlawfully suspended, for fines reported as paid on the court docket in 2012. Any person can view this at [www.clerk.org](http://www.clerk.org) This heinous attack was initiated by (MN)less than 1.5 miles from (AM)s residence. Where (MN) Attempted to perform an illegal traffic stop, In the tiny town of Debary, FL. Where (AM) has resided for the better part of 34 years. Exactly 1.6 miles from the Police station where (SJS) & (MN) are employed. (SJS)Devised this poorly planned pathetic plot, to be executed by his subordinate (MN) This man obviously finds pleasure in betraying those who trust him in order to violate the rights of innocent people. The (SA) refused to negotiate on the charges at hand and fabricated the following statement under oath, speaking directly to (THJDN). "I have video evidence of Mr. Macker committing this crime." Due to the severity of the allegations, as any well-respected Judge should (THJDN) ordered (AM) view all video evidence. (AM)s prior representation transferred all documented state evidence consisting of 6 digital police warn body camera recordings. Upon receipt on 10/08/22 as ordered (AM) viewed all 6 recordings and immediately uploaded all evidence to the YouTube channel @DEVINE-GRIND where they remain for public viewing. Currently the channel is thriving with over 100,000 views! All 6 original unadulterated recordings can be found on the channel. In the playlist titled, original police camera footage, all state evidence. 3 supporting officers', (SJS), and two from (MN)the first, cam1 26:34sec. in duration Please note: all camera times are off by exactly 5 hours. (cam1) Initiated video at, cam1 17:45:37 but remained radio silent for an additional 44 seconds. Until audio was initiated at, cam1 17:46:21, Still Without Sirens, cam1 17:46:58 Dispatch voices the name (Adam Macker, and a simple code) which takes a couple seconds at best, for a reply after running the tag! Further proving (MN) was stalking both (AM) and his daughter, to incorporate an unlawful plan of ENTRAPMENT completely disqualifying the entire case! In the tiny town of Debary, these officers knew (AM) had been dealing with harassment. So, they camped out on a back road at school release time and waited for Adam Macker to drive by. To make it worse the Arresting Officer flagged to pull (AM) over long before she even talked with dispatch. Meaning she knew EXACTLY who this man was and had no problem fabricating one statement after the next, falsifying reports, trying to execute a plan of entrapment, and committing multiple acts of coercion! This person MUST pay for her CRIMES! This is unforgivable and only made possible by a state attorney willing

to disregard the law! Absolutely proving this was illegal from the start! Dispatch only responds with the name because they had an...

UNLAWFUL B.O.L.O. (Be on The Lookout) for (AM) for NO valid reason! All this man had been doing was caring for his children and grieving the loss of Desire' Faith Drake is ex. who tragically lost her life in Aug. 2018. As well, also account for the following; cam1 17:46:42 incoming radio asking where u at? Open ended, indicting they spoke about (AM) prior. cam1 17:46:51 He's going the speed limit and going around some traffic cam1 17:47:11 Sirens come on for the first time! We can prove beyond the shadow of a doubt this was a premeditated attack because there are only 3 methods of contact while (MN) is in pursuit. (a)She contacted other officers prior to the radio going live. (b)Dispatch or command center or (c)The in-car computer system (AVL) Firstly, we know it cannot be (a)Its simply not enough time. It takes at least 30sec just to properly access the situation. (MN) would still be on the radio unable to receive a check back that quickly. They would need at least 30sec additional for that to be a viable option, absolute bare minimum! (b) We know it can't possibly be option (b) because the (MN) gave the incorrect address, a couple minutes later over the radio while illegally committing Assault with a Deadly Weapon, in order to legitimize a fleeing charge! Simultaneously disqualifying the entire case with her first of 3 violations of coercion! As she illegally questions (AM) while holding him gunpoint! With absolutely NO reasonable suspicion or probable cause to believe (AM) was involved in a crime or posed any threat to any individual including herself. (MN) makes this abundantly obvious just a few seconds prior with the following statements at, cam1 17:47:35 "THEY live on community, THEY turned on community, THEY are trying to get home." (MN) was clearly well aware he was not alone and traveling with his daughter because transporting the children, to and from school, is the only place (AM) goes with any consistency. We know it is (c) for multiple reasons Later in this piss poor plan the Partner officer kept passing the house. Meaning it did not come from dispatch or (MN)cam1 17:58:46 she starts to say "you not looking like a cop car", and before she even gets the words out of her mouth. (MN) immediately "right" to shut her up, obviously ignoring, because that was the plan the entire time. Partner goes on to say "You're (AVL) has you out on Gracie" there is another reason of many! We know they were signaled by the in-car computer. Now how did (SJS) know who she was trailing only 1min after video came on and when she just happened to run his tag by chance a little over a mile from (AM) residence. We are 1min 5sec in and there already busted because of 1 ignorant comment followed only by an even more ignorant comment. cam1 17:46:51 (MN) "He's going the speed limit and going around some traffic." Also, keep in mind. (AM)s daughter usually rides the bus to the high-school in Orange City. His son on the other hand attends Debary Elementary 1.6 miles away. (AM) travels to and from the school every single week day. (MN) Over excited speaking to (AM)s father cam1 17:56:21 We were going to the same place. (MN) understands she is violating the law, over and over to harm innocent people acting with NO empathy! Which is the reason she fabricates this statement, among so many other lies it's shameful. cam1 17:55:14 Claims she just happened to run his tag, because sitting and plotting on a resident of the town only because his license was illegally suspended Is completely unlawful as this report continues purely for educational purposes only to highlight, the disgraceful actions the (SA)(MN)&(SJS) will be made an example of. Acting with such flagrant disregard for the law, highlighting apparent psychological limitations. Doing their best to make a mockery of a well-respected Judges courtroom!

18:02:05 She continues to barad Macker because, as he is about to tell her, he was scared and had his daughter call his father instead of 911 because they were only 1 mile away from home. Obviously at this time, he had no idea of the level of corruption and was still unaware, these two officers' level of culpability.

18:02:12 Notice (SJS), as he is approaching the scene very gently and extremely focused in on what is happening before him, & has an intensity in his stare. A perfect reference is the officer next to stickles in the shot! Normal cop, completely emotionally unattached, relatively indifferent in comparison to (SJS) standing beside him looking like a kid on Christmas eve. Pay close attention!

18:02:17 upon arrival, keep in mind (SJS) is an experienced officer, he knows he's on camera and gazing off into what appears to be nothing but air, make no mistake this man is listening intensely. This was completely intentional. In order to seem as if he was uninterested but he is about to show himself, at this point he is overwhelmed with emotion and about to completely give himself up.

18:02:21 As (MN) continues to harass (AM), about not calling 911 because that's all she has. (AM) says ma'am I did the best I could in that moment, maybe it was not perfect, on maybe (SJS) focuses back in on (AM), thinking maybe he will incriminate himself. Which keep in mind this man had no reason not to stop, other than he was scared due to all the harassment. He drives straight home w/his kid the speed limit, from less than 1.5 miles away, to this.

18:02:29 She cuts Macker off again with Ok, as (SJS) is staring intensely. She says "well this is what we have right now, just so you understand gravity of your situation" on (just) this man realizes he's starring and an

unconscious trigger, snaps his head uncomfortably back right. He is truly doing his best to hide the intense emotion but simply cannot! He devised this unlawful plot knowing (AM) did nothing wrong. (SJS) is emotionally invested needing (MN) to play along and she goes on to say "You're getting a buttload of tickets." He focuses back in. She then says. You're going to jail. (SJS) reacts with another very intense unconscious trigger! On (jail)! he makes a sudden gesture with the left hand directly to the mouth and as she says "for fleeing", another gesture to the jawline on the word fleeing he's rubbing his chin. Then (MN) says "You may even get some child neglect charges" He goes all the way to the tip of the chin! Knowing (AM) did nothing wrong! Yet (SJS) is totally emerged in this moment overwhelmed with emotion! Which is completely unnatural Any good psychologist will attest; this was NO ordinary traffic stop as they claim. This man planned the entire criminal event.

While audio was active (SJS)made the following comment "I think he's g... Are you still on?" (MN)replies "Yea I thought I might have to go inside, hold on give me a sec." Shortly after (MN) cuts the audio to speak with (SJS) for approximately 7min. Just prior to re-initiating audio on (MN)s 2nd recording making her way into (AM)s home for no other reason other than to unlawfully commit 2 more violations of coercion using manipulation tactics to deceive both (AM)s Father and Daughter beginning at, cam2 18:19:10 with the comments directed at (AM)s adolescent daughter stating. "I never wanted to hurt you or scare you, anything like that." When she is already well aware the child is severely distraught and extremely worried about her father. The only reason (MN)s in the home is to coerce the daughter into saying something incriminating and/or to eventually coerce potential evidence. (MN) continues these unethical, immoral manipulation tactics when she comments "Your dad scared me a little bit, when the KINDA took off the way he did, he was KINDA driving a little crazy." As she makes one fabricated statement after the next it continues for quite a stretch. I must fore warn you it is painfully difficult to stomach. As this officer, acts with 0 empathy the entire time. cam2 18:21:50 more coercion tactics, "Is he still on and off." Referring to (AM)s overdose 6 months prior, while grieving the death of his best friend! The grandfather goes on to elaborate how he's been doing well and deep into spirituality. Without even the decency to ask the adolescent kid to be excused she goes on to play doctor and claim. "What happens when you use, especially the drugs he was using, they can start to affect your brain." cam2 18:22:28 "So, a lot of people who have some mental illness and it could be just because of the mental illness or it could be just because they were using drugs. Umm, they dive into religion it's a common theme. I don't know if that is going to hurt or help? I don't know but has he been diagnosed with anything?" THAT WAS NOTHING SHORT OF PATHETIC! These immoral tactics continue for 10min just prior to inviting them both outside in order to make her final 2 attempts at attaining coerced evidence. cam2 18:29 :26 "Do you want to come talk to him real fast. (Grandfather "he's still here?") "Yeah" starring at the kid. "I have no problem letting that happen." "Did he give you anything?" Committing her 2nd coercion violation of 3. Finally, she disqualifies this unlawful case for the 5th time, containing no evidence for the prosecution AT ALL and her 3rd coercion violation when she brings the father out to talk about want to with (AM)cam2 18:32:55 quickly shuts it down and speaks. "This whole thing working against me is going to come to light now because of this."

## JASON STICKLES, DEBARY POLICE SERGEANT

Please refer to officer Meshelle Naylor's first body, camera recording, capturing the events of October 13, 2021. The prudent footage spans an adequate 26 minutes and 34 seconds, providing a comprehensive glimpse into the events that transpired. For a riveting moment of truth, I implore you to direct your attention to the 16 minute 35-second mark, or commencing timestamp T18:02:13. It is at this precise moment that Debary police's Sergeant Jason Stickles unconsciously announces his guilt on State recorded evidence, dutifully turned in by his subordinate Michelle Naylor. The sheer audacity and hubris these officers demonstrate with unbridled ignorance of the law without the basic tenets of morality and to have the audacity, to submit evidence of their own criminal conduct, thinking it would go unnoticed. The brazenness of their conduct, coupled with their reckless and dangerous abuse of power, should leave us all with a deep sense of concern and an unwavering commitment to justice.

Notice Officer Stickles, as he is approaching the scene of what is happening before him, he is focused in, & has an intensity, in his stare. As he makes his approach, notice how he looks away & is essentially staring at air, but obviously listening very closely. This was completely intentional, in order to seem as if he was uninterested. Just after Naylor makes the comment "Just so you understand the gravity of your situation" as she starts to say "You are getting a butt load of tickets" Officer Jason Stickles quickly focus's back in on what is transpiring before him, with intensity!

Then Naylor says "you're going to jail today for fleeing." If you look very closely, you will notice, a slight smirk coupled with an immediate gesture with the left hand to the mouth, then jawline oscillating, in an attempt to obscure the involuntary unconscious nervous reaction identified by the left hand to mouth gesture on the word "just." Subsequently, finding its way to the tip of the chin, in perfect harmony, with Naylor's comment. "You might even have some neglect charges too, I don't want that to happen, but look at the situation you put your daughter in." Sergeant Jason Stickles is an experienced Police Officer & was doing his very best to hide a clear emotional attachment. These are unconscious, psychological triggers, to what is clearly an emotional reaction, to a comment made by a subordinate officer.

From our extensive experience, this is absolutely a clear indicator of a man that is emotionally attached to what should otherwise be an unemotional event. In perfect contrast, notice the officer adjacent, Stickles, this man is completely unattached emotionally. Sergeant Stickles, fully understanding he was on camera, doing his best to hide something that is almost impossible, even for a trained professional. The rush of emotions & intensity felt in THIS MOMENT, he simply could not help himself!

At the very least Officer Sergeant Jason Stickles was working off duty with his deputy in and some sort of unlawful collaboration, in order to falsely arrest Mr. Macker on October 13, 2021. The physical evidence provided in this sequence alone, we will go on to say, Sergeant Stickles did not reveal his whole plan to his subordinate officer, we say this because how emotionally attached he was! The unconscious trigger of the statement "just so you understand the gravity of your situation" in that moment, Stickles began feeling a rush of emotion, then followed up again by the gesture of the left hand, with the other comments that followed. Officer Sergeant Jason Stickles, obviously devised some plan in which he only gave his subordinate part of the information, hoping the plan would go through. It seems Officer, Jason Stickles succeeded on October 13, 2021 with Mr. Macker "you're going to jail" It was that exact statement when the left hand gestured. Sergeant Stickles, knows this is unlawful, which is the reason he is doing his very best to hide a clear emotional attachment to what should be an un-emotional event! We will go on to say, although this is inconspicuous to the untrained eye, for a trained professional this is an obvious example of being extremely emotionally attached to an outcome & trying to hide that emotional attachment!

Just this morning, 02/21/23 just after dropping my son, across from Debary elementary. I accidentally committed a minor traffic violation, but the officer was professional, after he pointed out what I did, I apologized, he gave me a warning and even if he would've given me ticket, it was handled, as a professional officer of the law should. It made me proud to tell my daughter Jordan, "thats actually how most police officers conduct themselves. The weekend prior I took my son to the Tampa supercross, weaving through traffic trying to make it on time for the night show and was pulled over by a state trooper, same thing, professional, honest officer of the law. I honestly felt a sense of pride in both experiences, because I know there are many more, good officers, than bad, and it is an incredibly difficult job, and I mean that, with the up most sincerity! Please refer to the following link, Its video footage of my traffic stop just this morning to view my daughter Jordan, having almost a panic attack because we were simply getting pulled over, and I didn't even catch the worst part, I was calming her down, turning on my camera, while pulling over. Not to record her, but for safety purposes because of my experience with Naylor and Stickles. This is a small example of something we've been working through since October 13, 2021. Whoever reads these complaints, please make sure Sheriff Chitwood sees this link of my child! Handle with care!!

[https://youtu.be/V8IFsu\\_tHKs](https://youtu.be/V8IFsu_tHKs)

My daughter is an accomplished student in the Cambridge program, with a perfect 4.0 GPA. However, encountering a police officer now triggers severe panic attacks, the mere thought of an officer induces overwhelming anxiety, and her social anxiety has become so debilitating that she rarely wants to go anywhere, only very rare occasions.

Despite Michelle Naylor's comment on her second recording "I have to involve DCF, I have to," repeating it twice. Dcf did not get involved, I didn't even receive a phone call, because DCF needs evidence.

I've successfully completed, 2 separate case plans, the first in 2012 which I was absolutely at fault, the second, I didn't agree with but I was also at fault, because my best friend died in my home, June 2016, after I told him not to use drugs, and after trying to resuscitate him for 20 minutes. Paramedics arrived worked on him for another 20, Marc Phillips 🙏 tragically died in my home. I wasn't even there, I was at my buddies house Alex Perdomo, watching a basketball game, got home and heard the sink running and thought it was the shower. If I would've knocked on the door, I probably could've saved him. Immediately after, taking a Valium as a coping mechanism, for the trauma. The very next morning, arranged a caretaker for my son Jayden, a toddler at the time, but to my dismay, the emergency hearing had been ordered, I failed a Urine Analysis for benzodiazepines, George Travato later explained, I was the fastest ever to get my children back in Volusia County.

Why did this officer go and create an additional 29 minutes of footage? My father and daughter thought I was long gone. Just after muting her audio and colluding with Stickles for seven silent minutes? Then consoling my child pretending to be her friend, explaining that she never would do anything to hurt her. While my daughter was asking concerning questions about my safety. Then Naylor decides to tell both my father and daughter, I have brain damage from drug abuse, which is the reason for my religious beliefs. All with gloves on, obviously working on camera to coerce evidence and

everyone acts like that's normal?

I've lived in Debary, Deltona, and Deland area for 37 years and never complained about anything previous. I've only called "911" twice that I can remember. In May 2022 when I realized I was being followed and went to the Debary police, to no avail. Also in 2006, when a man impersonating a police officer, in an unmarked car was trying to pull me and Anna, my kids mom, over. Thankfully, I was able to take off in the nick of time, we stayed on the phone with "911" all the way back to our home off of Saxon on Superior in Deltona, a long while ago, but a traumatic experience, as I very clearly articulate on her second recording. After bringing my child and father out for reasons I would love to know.

I find solace, knowing that if the FBI is investigating, I would be unaware.

Although I find myself increasingly frustrated with my own persistence, I recognize that this demand for justice, although uncomfortable, is necessary to prevent the degradation of any other children or innocent people. This is not an opinion my daughter is a sad example of that.

Sincerely, Adam J Macker.

Dear Mr. Macker,

We are in receipt of your latest complaint on 02/20/2023. After reviewing the letter, we have determined this incident is similar to previously filed complaints which have already been investigated and documented under Citizen Complaints 22-040 and 23-004. Those complaints were reviewed, and the allegations therein were **unfounded**.

Sincerely,

Brian Henderson  
Chief Deputy

BH/arc

Dear Chief Deputy Brian Henderson,

I am reporting the unlawful entry into my home on my 1.5 acre lot WITHOUT A WARRANT by Deputy Igo and King at 12:15 AM on April 6, 2023. They forcefully broke through a deadbolt on a solid wooden door, assaulted me in front of my children, in order to facilitate a false felony conviction. Additionally, the unlawful impounding of my motorcycle from my premises by Deputy Igo on March 20, 2023. Made possible by the underhanded corruption, instigated by Perdue, Brandon, Fielder, Collins, & Mott, LLP. Leaving a pathetic paper trail in their wake.

I don't need to remind you of the incredible ethical violation it constitutes for a Law Enforcement Officer to overlook federal crimes because it involves your peers. This group made two blatant attempts on my life, which you previously decided to ignore.

Enclosed in this complaint are only a few of the 39 victims I currently have on file, with that number growing exponentially, as I continue my investigation. I have reasons to believe at least one name on my list was a victim of murder. Im aware you inherited responsibilities marred by corruption. so I know this is difficult for you. but TRUTH like this can only be ignored for so long! You will be advised to stick to the plan, but I would think VERY carefully about that!

*If you are unable to fulfill your job responsibilities as federal law requires, I will be pursuing legal action against you under 18 U.S. C. 241 Conspiracy Against Rights. You cannot claim ignorance, that is not going to work. Case: 6:23-CV-01963-CEM-DCI*

**PLEASE DO NOT UNDERESTIMATE ME SIR!**

Perdue, Brandon, Fielder, Collins, and Mott, LLP; is deeply entangled with the state court system, holding unethical power over many public officials. Established 1970, incorporated in TX, has been defrauding innocent people since conception. The oldest case I found was from 2003', only because I haven't looked that far back, yet. After court costs and fines are paid, they file what should have been a Satisfaction as a Fraud Judgment, disingenuously increasing the value of their collection agency, re-collecting when they choose, sometimes 19 years later. Knowing the victim will not have a receipt for a money order 10 years later and unless you know how to navigate the docket, unsuspecting victims are screwed. Their recollection tactics are incredibly clever, making sure to discredit the victim in every possible way.

August 27, 2018, my 21 year old girlfriend {(Desire Faith)? Drake} took her life, 12 days after my 40th birthday. I was seriously depressed for years when I learned about the Gabby Petito story. When I learned Gabby and Dez shared the same birth and death-day. (Gabby - 3/19/99-8/27/21 ~ Dez 97'-18'). I became fascinated with astrology and was heavily investigating the archetypes when totally by accident stumbled onto online General Tarot Readings which led me to the results of my investigation. I have 35 Volusia County Fraud Victims and almost twice the case's. Some of which can now be viewed on Facebook @Adam Macker.

I recently learned that my father Richard Macker who currently lives at my residence at 169 Community Dr., Debary is Not only involved with my attackers, but it now appears he is the primary organizer in multiple efforts to take my life and bring false charges in my name. Working in criminal partnership with Sergeant Jason Stickles out of the Debary location. I first began heavily, suspecting my father's involvement May 26, 2022 after a hit was placed on my life. The evening of July 14, 2024 I sent my father a few text messages claiming that I was aware that he was involved. He replied back claiming that a lot of the things I was saying was correct but we would talk later. We spoke in the morning and he redirected the conversation. Later that day I provided a false sense of security and baited him. With an extreme sense of pride, he explained "if I needed somebody killed he has the person to call". He realized he slipped and noticed that I noticed and became stuck for approximately six seconds, then began speaking about how fentanyl kills people referring to my murder attempt by poisoning in January 2022. My father is involved with all of the attacks on my life. Just as I was making this realization my 17-year-old daughter got home from work and I excused myself to bed. Just prior to falling asleep I let him know that I knew for sure of his involvement. The next morning he pretended not to see my text, came into my room and asked if everything was all right and began to approach me. I backed away, and explained, nothings all right. I went on to explain that I knew he was lying and he needed to be truthful. I explained I knew about his childhood trauma for much longer than he was aware. My father has responded by leaving the home, hiring an attorney, and trying to involve Dcf. This man is guilty of attempted murder, bribery, and many other crimes working alongside my younger sister and at least four officers, including Jason Stickles, who works out of the Debary office.

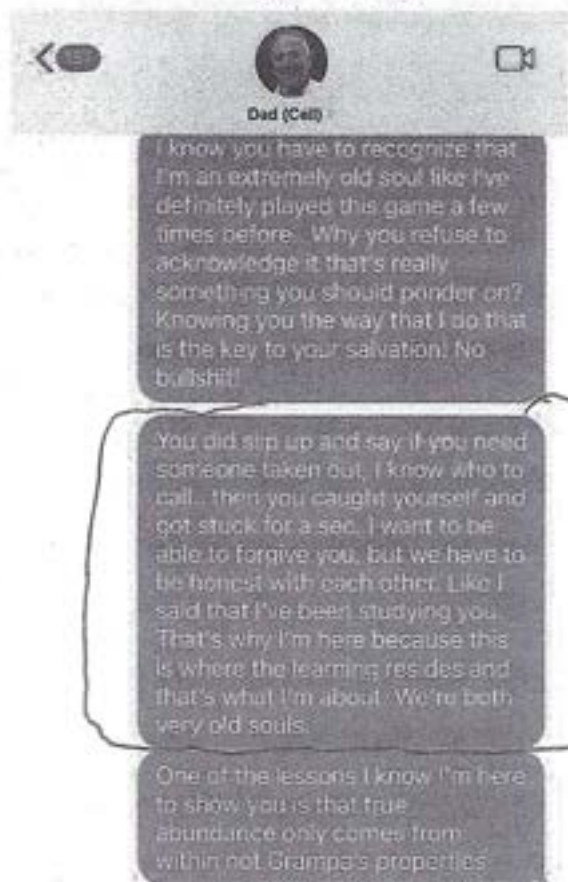

I attempted to file a police report with the Debary location again Monday July 22, 2024. When I entered the office, I told the secretary specifically who I had already been pursuing legal action against including Jason Stickles. When Officer Berard entered the waiting room. Stickles entered behind him and began badgering me about my federal case and having to ride a bicycle. As a result Officer Berard refused to allow me to file a report. Concerning very well documented criminal activity now involving my own father. This is again another violation of my civil liberties as provided by the constitution of the United States of America. I will be pursuing legal action against both Jason Stickles and Officer Berard, for their most recent misconduct. My father has lived 1 mile away from the Debary police station for almost 40 years and has underhanded dealings with Jason Stickles. I expect this office to properly investigate this case and all parties involved.

My father is directly tied to all RICO  
Crimes Ran through the Clerk's office!

You are correct I did slip up. Because the guys I knew are older than me and I realize that they are probably dead.

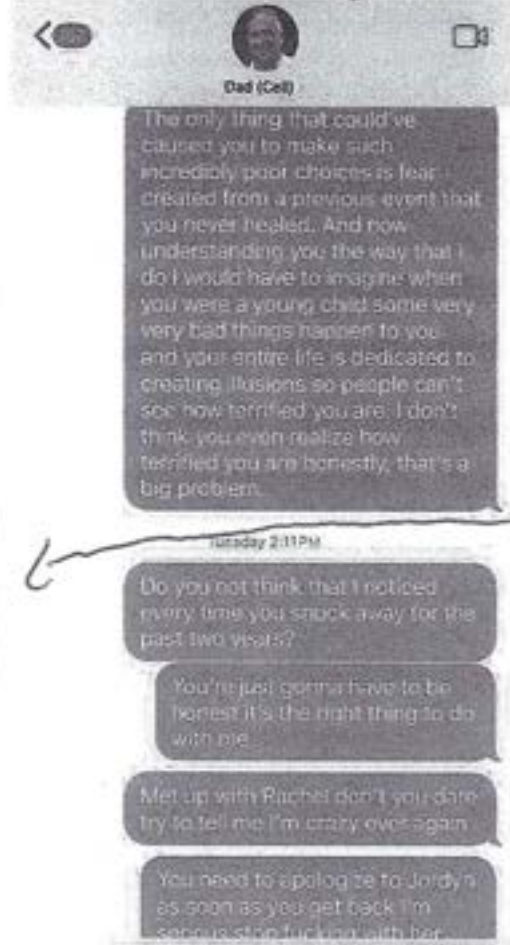

Well, for the record, and your information I have no problem letting you know because I'm sure John Lentini is dead and gone.

Okay-dokay

I also forget that I've been down here 40 years. They probably wouldn't even remember me.

You don't have to explain, just don't forget the key to your salvation only comes after you figure out why you refuse to acknowledge that I'm an extremely old soul. that should be a question you ask yourself every day but it's up to you but yeah that's fine

Admits he can get someone killed

**I've sent many more messages than just these all with no reply and he refuses to talk. But yet had the nerve to ask my daughter Jordan why does he need to apologize to her?**

My father Richard Macker has mob ties through his cousin Jimmy who lives in Washington D.C. Jimmy is also a government contractor. My father is a criminal.

Evidence suggests foul play in the supposed suicide of Desire' Faith Drake on August 27, 2018 at approximately 2 AM

1. We were planning to split up and she put the car I bought, in her mother's name the week prior.
2. I was not allowed to attend the funeral police orders.
3. Funeral was completely closed No one ever saw the body.
4. After giving the police authorization to search the house, never even called me back.
5. Enough blood in the house to kill 3 People. Way too much blood!
6. Never got my gun after making multiple attempts, the supposed murder weapon. According to the law, I should've been able to retrieve the weapon but was repeatedly denied.
7. Autopsy report had a few inconsistencies, recorded multiple lacerations to the left expenditure, and I witnessed it. Only one.
8. She prophesies her own death the night before but yet when I woke up in the middle of the night, she was supposedly sleeping on the couch, yeah I don't think so...
9. I've been contacted multiple times in the past six years from multiple profiles and I believe it is her.

Attached is an 8 page response. I had to file yesterday with Volusia County Courts because I was served an eviction notice. In my reply there is much more information concerning Richard Macker that I feel could be very helpful to your investigation.

**Please especially take note on the 2nd to last page of my response near the end where I highlight Richards theft of all of Marriott Vacation Club Worldwide International consumer database, which is valued in excess of over \$15 million.**

IN THE COUNTY COURT, SEVENTH JUDICIAL CIRCUIT  
IN AND FOR THE COUNTY OF VOLUSIA

RICHARD MACKER,

Plaintiffs,

v.

Case No. 2024 24607 CODL

DIVISION: 71

ADAM MACKER

Defendants,

---

INTRODUCTION

The "Plaintiff" "Richard Macker" my Father an individual with many dark secrets has proven to consistently fabricate information exploiting DCF and the Legal System as a tool for manipulation, repeatedly violating State and Federal Law. For the past 15 years, I suffered from opioid dependence. The Plaintiff claimed it was his greatest wish that I would be able to beat the addiction. I stopped taking my prescription for Suboxone the first week of June 2023. As I began to truly sober up while investigating the Rico Crimes, discovered in Volusia. Each time I discovered an article of fraud starting December 2022, I would passionately share my findings with my father. As time went on he became increasingly more argumentative, ill tempered, and outright nasty. Claiming that I am delusional and he refuses to be involved in any way, shape, form, or fashion. I'm a firm believer in the old adage "Given enough time the truth will always eventually reveal itself".

SUMMARY OF COMPLAINT FOR UNLAWFUL DETAINER

Errors in Complaint: #6-

*On or around 2022, Adam Macker took possession of the property with the permission of the plaintiff.*

This is NOT accurate Judge! The Plaintiff convinced me to move back to this residence, many times throughout my adult life, dating back to 2010 and made his best attempt to try and convince me to move back the very beginning of September 2018. Just after the death of my ex-girlfriend. Claiming I would have no problem breaking my lease because of the unique situation I found myself in. At the time, I had a house on the golf course in Debary Golf and Country Club and elected to live out the term of that lease. I attempted to move back July 2019 which didn't work out for reasons I will explain at trial. I officially moved back to this residence in the middle September 2020 and despite still severely struggling with the death of my ex-girlfriend Desire' Drake. I was doing very well financially, with close to a hundred thousand liquid, an investment property, I would go onto to sell January 2022 for \$130,000, with almost a perfect credit score, well over 800 at the time. This has been my ONLY residence since mid-2020. Only leaving on a few occasions for a total of five months, departing both the state and country in effort to escape severe harassment. Prior to being forced to come back to fight a falsified case that is now in federal court.

*#12- The Defendant has taken unlawful detention of the property.*

The Plaintiff led me to believe this was my home that I could always depend on in order to properly care for the children in a safe structured environment with access to the best elementary school in the area, Debary Elementary. Despite the Plaintiff inheriting approximately \$20 million worth of real estate from his parents and being extremely well off financially. Here I am essentially indigent. Yet, I gifted my 17-year-old daughter my only working vehicle, a 2014 Honda Accord because she's earned it. The iPhone 12 owned by the Plaintiff, was purchased by me. In 2020, I purchased an 85 inch television for the living room wall. In 2021, I built a \$20,000 two-story shed to house a golf simulator in the

backyard financed all by myself. Which was the second extra-large shed I built on this property. The Plaintiff is still holding Approximately \$10,000 dollars of my silver locked away in his gun safe.

#### REASONS DEFENDANT SHOULD NOT BE FORCED TO VACATE PREMISES

1. The Plaintiff only filed for eviction after I identified his connection to the Rico Crimes currently transpiring in Volusia and after I refused to allow him to continue to use my children as a tool for manipulation. I have filed seven Complaints with Internal Affairs, beginning November 2022. The latest Complaint filed on my deceased mother's birthday. August, 23, 2024. Please refer to Exhibit A; Copy of Complaint
2. July 14, 2024 at 9:02 PM. The plaintiff admitted through text message that he slipped when he explained "If he needs somebody killed, he knows who to call". Please refer to Exhibit B; Text Correspondence.
3. July 15, 2024, while Mars was making an exact conjunct to Uranus at 26° Taurus, from a deeply philosophical perspective, I explained to the Plaintiff that I was aware of his connection to the Rico crimes currently transpiring through the Volusia County Clerk's office and simply asked him to be truthful. The Plaintiff responded by leaving the home permanently, hiring an Attorney, and contacted DCF in effort to further exploit the Legal system. As yet another method of control and manipulation. I plan to provide a copy of the DCF report at trial, just another bogus report.
4. July 20, 2024, at approximately 4:30 PM. After ignoring all attempts at correspondence via phone or through text with close to 100 text messages sent on my behalf since the 15<sup>th</sup>. The Plaintiff returned to our residence and deceptively

attempted to take my son without my permission. For the first time in my life, I put my foot down with the Plaintiff, purely out of concern for the safety and well-being of my child, refusing to allow any further access. An argument ensued in which I told the Plaintiff, I was recording the conversation. I would go on to make two recordings. The first commencing at 4:32 PM, for a duration of 2:34 and the next commencing at 4:35 PM, duration of 4:29. In which I adamantly refused to permit any further access to the children, due to the criminal exploits on behalf of the Plaintiff. On recording the Plaintiff clearly explained, "As a child I think something happened to me, and I don't remember what it was, and I have considered going to a hypnotherapist to try to dig into what I may have buried". The plaintiff is referring to being molested as a young child. Link: for this portion of the conversation. [https://youtube.com/shorts/wdIYBt\\_PO3g?si=YHtFPTxdIJp-t0Ob](https://youtube.com/shorts/wdIYBt_PO3g?si=YHtFPTxdIJp-t0Ob)

Please keep in mind the plaintiff is 72 years old and just now making this extremely significant recognition. I plan to release both full-length recordings at trial.

5. The plaintiff living approximately 1 mile from the Debary Volusia Sheriff's office location for the betterment of 40 years. Acted completely dumbfounded in regard to all of the vicious attacks I was experiencing by officers who are accustomed to underhanded dealings. Please refer to Federal Case 6:23-CV-01963-JSS-DCI Filed in Florida Middle District, Orlando Division. Mediation Scheduled for October 23, 2024 1 PM.
6. January 2022, just a few short days after I returned back to the State of Florida, after traveling to Arizona, West Virginia, and finally New York. I was poisoned the same week our dog Simba died. Getting up to go to the bathroom, I was literally bouncing

off the walls because I couldn't stand up straight. Only God kept me alive through that horrific experience.

7. The Plaintiff openly admits he's a Bigot and Racist, with sincere hatred for my grandfather Alex Frankel who was Jewish. My grandfather Alex was responsible for stealing a business from the Plaintiff and was the primary reason for our relocation to Florida from New York. Alex Frankel died in this house under the care of Richard Macker. Alex supposedly took a medication he was allergic to by mistake. I watched my grandfather cross over, with his eyes bulging 6 inches out of his skull, in a pretend graveyard, in our front yard, designed by the plaintiff, in celebration of his best friends Over the Hill 50th birthday. I'm now Convinced the Plaintiff is responsible for the murder of my grandfather.
8. January 2010, the death of my mother who supposedly choked to death on her own saliva, at this residence. Only 20 feet away from where the Plaintiff was sleeping who just so happens to be the lightest sleeper I've ever come across. At the time of Brenda Mackers death, the Plaintiff was seeing another woman by the name of Marla Ripley. I have now had two identical dreams, in which the Plaintiff is standing above my mother with a tear in his eye, and one hand covering her mouth and nose until she loses consciousness. The Plaintiff made outlandish claims pretending to be willing to take a polygraph, but instead hired an attorney.
9. The plaintiff, my father, who supposedly loves me so much was completely unwilling to even share the phone number of his Estate Attorney for my Federal Lawsuit. Repeatedly stating he cannot be involved in any way whatsoever.

10. My daughter Jordan now 17 years old, an elite scholar in the Cambridge program, already promised a full ride academic scholarship to any school in Florida. This is my last year with her until she goes on to have a life of her own. My son, Jayden is in the fifth grade at Debary elementary which is a phenomenal school. This is my children's home and I am their primary caretaker. Every expense in regards to the children is all covered by me. Including birthday parties and celebrations, bounce houses, new school clothes every year, etc..
11. Having to file a federal civil lawsuit in order to vindicate myself from the heinous crimes inflicted by the Plaintiff and faulty officers within the community. After I was placed on felony probation as a convicted felon, with a suspended DL, being cheated out of my right to Due Process. I purchased an electric bicycle. I pick my son up from school every day on my bicycle since the beginning of the 2023 school year. I also do all the shopping, prepare all the meals, and do all the laundry.
12. I now have close to 80 victims of what I have personally labeled the Purdue Fraud Scandal. With documented proof of Rico crimes and fraud ran through the Volusia County Clerk's office. When I first begin locating fraud records late in December 2022. I passionately shared all knowledge with the Plaintiff who consistently claimed ignorance repeatedly stating that he was afraid I was losing my mind. At trial, because of the Plaintiff's involvement I plan to present the results of my investigation and proof of Rico crimes.
13. The first middle and last reason this eviction should be denied is because of the children. I have always made my children my top priority and handle all responsibilities. I've completed two case plans in Volusia County. That last plan
