Double fined for a closed case / license suspended

Message

Hello, I want to say it's a relief to find others going through the same thing. I was charged in 2012. Paid all court fines, met my terms/conditions by 3/31/16. In 2020 I received a letter stating my license was revoked due to nonpayment of court fines. For each case, it stated I still owed approximately \$640 adding up to approximately \$2500. I've been on a monthly payment plan since for \$76. Last payment is due next month April 2025. I can only imagine what the interest has added up to in 5 years. If I missed a payment I received a notice stating my license will be suspended. These cases were paid off in their entirety in 2016. I kept the letter of termination of supervision, thank god, but I've still wondered where these fines came from and it's been monthly harassment/extortion to make payments or I can't pick my children up from school.

My hope is that you can help me investigate what happened here and if I've been defrauded under the pressure of Volusia county court system/dmv for 5

years. I don't even know where to start.

Thank you for your consideration and I hope to hear from you soon.
